GIVING HOPE A HOME

The American Cancer Society Hope Lodge® program provides free overnight lodging to cancer patients and their caregivers who have to travel away from home for treatment. Not having to worry about where to stay or how to pay for it allows patients to

focus on the most important thing – getting well. More than just a place to stay, the program offers a home-like, nurturing environment where patients and their caregivers can find support among staff, volunteers, and other residents going through a similar experience. Of more than 30 Hope Lodge communities, two are located in Ohio.
